- Risk Training Solutions
- Environmental Management

KING FAHAD MEDICAL CITY (KFMC) IAHSS PROGRAM OF DISTINCTION

Project Introduction

INDUSTRY: MEDICAL
SECTOR: HEALTH

King Fahad Medical City (KFMC) required the development and implementation of a formal IAHSS Security and Safety Management System culminating in a IAHSS Program of Distinction certification.

The project would determine and measure the current system compliance to the requirements of OHSAS 18001 and IAHSS. This would allow for the gaps to be identified and actions put in place to manage the continuous improvement drive. The certification would enable KFMC to achieve a number of its **Security and Safety goals**.

Project Scope

The project scope included the following:

- IAHSS & OHSAS 18001 systems audit
- Completion of a full Risk Assessment for all departments
- Development of a Comprehensive Risk Site Register
- Development of a formal Training Needs Analysis
- Delivery of Security Officer Training & exams-200 employees
- Completing and submitting all IAHSS applications

Location of project:

- Kingdom of Saudi Arabia-King Fahad Medical City (KFMC)

Project Results

The comprehensive risk project resulted in the following outcomes for the company and participants:

- ⇒ **GAP Analysis-OHSAS 18001 and IAHSS:** Gap analysis conducted culminating in a full Gap Analysis report and recommendations
- ⇒ **Risk Assessment / Register:** Identified and assessed all operational risks and created a formal risk register for KFMC.
- ⇒ **Training Needs Analysis (TNA):** Conducted a training needs analysis for the Safety and Security Departments-the training needs met the requirements of IAHSS and OHSAS 18001.
- ⇒ **Security Officer Training-IAHSS Approved:** Trained 200 Security Officers to IAHSS standards

IAHSS REGISTRATION

To qualify for the IAHSS Program of Distinction, KFMC needed to

- Ensure a minimum of 70% of the security department (includes any officer assigned to a shift regardless of length of time) are certified at some level of the Progressive Certification Program at all times to qualify for the departmental certification.
- The director or administrative leader of security must be a CHPA, and maintain that certification.
